

They need you

Dear Friend,

Every day, somewhere in the world, children are found abandoned and destitute, left to fend for themselves.

Some are abandoned due to poverty and a range of other social circumstance, others are removed from their parents care due to neglect or abuse and many are orphaned as a result of wars and/or famines and natural disasters

Families for Children Orphanage in India

The lucky ones end up in an orphanage, where a team of dedicated staff and volunteers try to provide them with the daily basic needs – shelter, food, medical care and education. However, most orphanages in developing countries are critically short of money so that basic necessities such as enough food and clothing cannot always be offered to the children. Sometimes children have to be turned away altogether.

Children are often in poor condition both physically and emotionally when they are admitted to an orphanage. For the vast majority of them this will be their home for the rest of their childhood.

Carlos de Villegas orphanage in Bolivia

Australians Caring for Children (ACC) helps the children by enabling the orphanages to provide improved nutrition and access to medical assistance and education. This makes the children better equipped to escape the poverty cycle in countries where there is an inadequate social welfare system and poverty can be a death sentence.

YOU CAN MAKE A WORLD OF DIFFERENCE

These children are not able to build their future without someone caring enough to help them. Sponsorship is an ongoing commitment that can last many years as you see your sponsored child develop.

For just \$30.00 per month you can change a child's life – give a child a chance to survive and have the basic necessities that we take for granted; food, shelter, clothing, medical attention and education. We need you to help these children develop into healthy, self-sufficient members of their communities.

State orphanage in Colombia

We send 100% of sponsorship funds overseas without deductions. This is made possible by a team of volunteers who liaise with our sponsors and overseas projects. Our overseas officers are either volunteers or staff of the orphanages with which we work. These are dedicated people who are in daily contact with the children we assist.

REGULAR UPDATES

When you become a ACC sponsor we'll send you a case history and photo of the child, or a group of children you are sponsoring. Updates will be sent to you every six to twelve months. A Sponsorship Newsletter is published yearly.

We have children in Bolivia, Colombia and India in desperate need of your compassion and generosity.

Please don't delay. These children need our help right now. Just complete the application form, return it to us with your contribution and you can start making a world of difference today. You can also help by encouraging your family members and friends to sponsor a child as well as your child's class.

Thank you for caring
